FARM BACKGROUND & FLOCK DETAILS

Ann Heady started her flock in 2012 with ewes and lambs purchased from Neil & Pam Dickens (Redbarn Flock). Ann lambed 26 ewes this year—10 pure Jacobs and 16 Lleyn-cross-Texels—using the ram *Beiliau Neptune*. The flock impressed the judges in 2025 by winning the Southern Region Jacob Flock Competition, so attendees will see a fantastic flock of sheep.

EVENT HIGHLIGHTS

- **Farm Tour & Presentation:** Talk on herbal leys and paddock grazing, followed by a trailer ride around the farm to view the cattle and arable fields.
- **Sustainability & Soil Health:** Ann & John are enrolled in the Sustainable Farming Incentive (SFI) scheme and will discuss strategies for improving climate resilience and soil health during the tour.
- **AGM & Judges' Seminar:** Held at The Bell Hotel in Winslow following the farm visit, with lunch available on site.
